<p>Application Number 2013-04017-EP00007 Environmental Permit for the subdivision of 10 lots or more {56, 607. 65 square metres of land into forty six (46) lots} to be located at Fellowship, Portland by Macalex Construction Limited</p>	<p>Environmental Permit refused for the following reasons:</p> <ol style="list-style-type: none"> 1. The site is located on steep sided slopes which are prone to landslides and excessive erosion. Therefore, the disturbance of the area could lead to slope instability and failure, particularly in light of the small sizes proposed. 2. The site is unsuitable for residential development in the manner proposed due to its geological characteristics (weak deeply weathered, unconsolidated and unstable rocks). 3. The geomorphological characteristics of the site render several of the lots unsuitable for residential purposes due to the limitations posed by steep topography, highly weathered rock material, clayey soils and poor drainage.
